

GOLDEN BOY PIES, INC.

How Do I Tell Which Pie Is Which?

Because our pies are not boxed, each pie is marked to indicate what kind it is. Ones with a top crust have a letter cut into them before baking. Others have a food item sprinkled on the topping – usually something found in, or at least related in some way to, the ingredients in that pie. The list below provides guidelines for our regular pies. Ask our driver, or call our office, if you have questions about identifying a particular pie.
